

The New Improved 2010 Practice MoT...

The CPM21 Practice MoT has been a valued service to the legal profession for several years, but this year we have improved it even further with additional checks such as website compliance and others...

What is the Practice MoT?

The most comprehensive evaluation of a legal practice available to you today featuring an analysis of your firm's practices, policies and procedures against the following:

- Solicitors Regulation Authority Practice Standards Unit audit criteria
- Solicitors Code of Conduct 2007, particularly –
 - » Rule 2 - Client Care
 - » Rule 5 - Business Management in England and Wales
 - » Rule 7 – Publicity
 - » Rule 9 – Referrals of Business
- Client Care and Terms & Conditions Letters
- Complaints & Client Care
- Website
- Financial Health and Hygiene
- Business Management, Supervision and Infrastructure
- Health Safety and Physical Office Environment
- Legal Services Commission criteria
- Lexcel criteria
- File Management

The Practice MoT is a 2 day process undertaken by CPM21 consultants, at the end of which you will be given a report outlining what issues the practice needs to address, and a prioritised recommendation on which to work on first. And of course, if you want more support to “tune up,” the practice, it is always available.

CPM21 is the only UK based Consultancy and Advisory service that provides the Practice MoT.

**So what are you waiting for?
Get your practice MoT and start
tuning up your practice today...**
