

CPM21 : "Tesco Law" Course

 CPD HOURS = **3**

"TESCO LAW" COURSE

In 2011 the Legal Services Act is set to unleash "**Tesco Law**" onto the legal world. This event will no doubt change the way that law firms from the magic circle to the high street do business forever. Some firms will adapt and thrive whilst others will perish.

Indeed the Legal Services Policy Institute predicts that "**Tesco Law**" could see as many as 3,000 firms go bust whilst companies such as Capita have revealed that they will easily be able to undercut law firm fees once they move into the legal arena.

However, this course will help your firm to avoid becoming a casualty by highlighting the key aspects of "**Tesco Law**" and outlining the effect that it could have on your business.

Crucially, the course will also provide you with a number of cost effective solutions to help your firm combat "**Tesco Law**" and prosper in the new marketplace.

Law firms now have two options, run for the hills and hope for the best or fight to survive.

Its your choice!
